## From Mission Control

**G**oodbye to a great season of travel and hello to another fabulous year with Space City Ski & Adventure Club! We ended the season by recognizing the work of our out-going Executive Committee and our photographers, Ron Hayes and Judy Schiro. Thanks to each one of you for a job well done! The new leadership is diligently preparing for next season behind the scenes while our activities are in the forefront. Here are a few tips to help you stay in touch with the 2014-2015 ski & adventure season as well as our activities:

Also, mark your calendars for the September 8<sup>th</sup> kick off meeting and 50<sup>th</sup> Anniversary celebration! We would love to have all of our former presidents at our September meeting. If you are a former president of Space City, I would appreciate you contacting me at

## Countdown to Liftoff

**E**ven though it's only June, SCSC and your fabulous and wonderful TCs and ATCs are already working on the new 2014-2015 calendar, which is filled with trips to many of your favorite winter and summer playgrounds.

It's hard for me to believe, but while the heat of Houston's summer is upon us your SCSC team of Trip Leaders is already hard at work! The ever popular

December trip to Vail is back again! January's trips include two destinations with our TSC friends – Beaver Creek for Traditional and Madesimo, Italy for Winter Expedition. February and March will bring us back stateside with trips to Mammoth (TSC Winter Shootout), Taos (we'll be staying at Snakedance condos during the President's Day holiday), Whitefish, MT and two trips to Breckenridge – TSC Final Showdown in early March and a Spring Break (family optional) club trip in mid-March.

Of course, there is always the possibility that winter ski/snowboard trips are not on your vacation list for 2014--2015 or you may want to add an adventure trip to 2015. We are wait-listed for S. Africa in September 2014; however, in 2015 "why not" join SCSC and the TSC when we travel to Discover Tuscany, Italy. I just saw a note that the post trip extension will be to Rome. A pre-trip extension is also being considered so please "stay tuned" for more updates on Discover Tuscany. BTW - Dates for Discover Tuscany are not firm as I write this; however, we are using a tour operator I personally have not worked with before but am definitely impressed with and know you will be too! Also, I am on the board of the Shell Alumni Association of Greater Houston and know that another Shell Retiree group in Deer Park has used this tour operator on multiple International trips. Yes, I'll admit, I am biased as a Shell retiree, but knowing another Shell retiree group has

used this tour operator multiple times speaks volumes to me! Then reading their proposal doubles my volume of excitement! I am definitely impressed with the Discover Tuscany trip and think you will be too! Also in the works are other possible summer or fall trips. It's going to be an AWESOME year for trips! So many choices and decisions to make.... More details are to come so please stay tuned, share and invite your friends to join us! Enjoy the summer!!

We will have a BIG TRIP SHOW featuring all of the trips at the September General Meeting on Monday, September 8th. I look forward to a fun-filled and exciting ski and adventure season and hope you do too! In the meantime, take care & stay safe! Cheers!

## Having a Blast

**A**s a kickoff to summer, Space City Ski Club members volunteered at the Annual AIA Sandcastle Competition. Our members work the beer booth to ensure the sandcastle builders remained very hydrated under the hot Galveston sun, among other duties. Derek Shoobridge did another fantastic job of organizing all the volunteers for this event.

On a cooler note, members and guests got together at Top Golf for 3 hours of golfing, food and drinks. It was a beautiful evening and the breeze from the golfing bays was fabulous. Diane Morrow was, by far, the winner in our group and she had to buy the champagne for the loser (who was that??) Our Happy Hour at Brio's Tuscan Grill gave our members and guests a "Taste of Tuscany" in preparation for the upcoming TSC trip to Tuscany, Italy.

Our June Happy Hour will be at Fish and the Knife Sushi Bar and Lounge on Westheimer. John Flatten enjoyed his visit there and describes it as a very upscale establishment. We hope you will come out and see for yourself. On June 14<sup>th</sup> George Lopez will take 30 of our members "Out to the Ballgame." This Astros activity was successful in selling out all of our reserved tickets. There is still time to sign up to volunteer for the Grand Prix on June 27, 28 and 29<sup>th</sup>. See

the club website for registration information or contact Ellen Eastham at [eeastham@prodigy.net](mailto:eeastham@prodigy.net).

Invitations will be going out shortly to this past year's volunteers for our Annual Volunteer Party to be held in Kemah on July 12. We will also hold a wine and cheese tasting and fireworks viewing party on Friday evening, July 11<sup>th</sup>. Sandra McCunis has volunteered to be the activity coordinator. On Sunday, July 13<sup>th</sup> we will charter a TASS sailboat for a 4-6 hour sail on Galveston Bay. Olga Adair has volunteered to be the activity coordinator for this event. Check the website to register and get more information. We have planned these two additional activities around the volunteer party for folks that want to get a hotel and spend the weekend in Kemah. Please remember that the club is not sponsoring or helping to obtain hotel accommodations. We still need lots of help with the volunteer party. If you can help us out, please contact me or Lori Aubrecht.

## Trip Report Jackson Hole

Forty-seven club members checked one off their bucket lists when the Space City Ski Club journeyed to Jackson Hole in February for the TSC Winter Shootout. Our own **Camille La Roe** headed up a fantastic week of skiing and fun for the nearly 180 Texas Ski Council attendees. SCSC was proud to bring five new club members including **Ehud Barak, Martin Hermans, Lauren McCreary, Peter Connolly**, and warrior **Sean Sarkar**.

First class flyers **Janet McKenzie** and **Susan Blome** made it to

Jackson Hole in style! While **James Holland** decided to start a new style by skiing in his PJ's. What confidence James! Fortunately for the rest of us, the club supplied PJ's by providing souvenir tee-shirts at our first night party.

Avalanche **Ed Freiter** showed us that he still ranks among the club's ultimate extreme skiers by braving the famous black slopes in Jack Hole. **Michael Rothermund** skied every moment he could while his wife **Julie** stayed off the slopes to enjoy shopping in Jackson.

Nearly three feet of new powder for the week on top of the 300 inches before we got there made it an unforgettable memory. In fact it snowed so much that

race coordinator **George Lopez** advised us that the TSC racing competition had to be postponed because of too much snow. That didn't keep Space City from ultimately taking first place club award in the team competition, nor **Ross Baker** from winning a gold medal in his individual event. We think he must surely have a storage shed just to house his numerous racing medals and awards.

Jackson Hole is well known for its extreme terrain, none more famous than Corbet's Couloir. **Steve Ying** took the plunge. **Steve Nichols** ventured to the top for some great pictures. **Laura Helmke** was awed by just Googling it on the internet. Although some skiers like **Susan Blome** and **Susan Stanley** adeptly found some easy runs, **Dale Allman** chose to hike over two hours down a run in ski boots while the ski patrol followed on foot carrying his skis. **Janet McKenzie** wondered all week why she couldn't find

a grooming report until she learned the last day that they don't groom runs at Jackson Hole!

We did venture one day for some groomed runs to Grand Targhee, which featured the most snowfall in the country at the time. Unfortunately, visibility that day was about three feet so many of us got to practice skiing by braille in the twilight zone. **Larry Edmondson** got stuck in the ravine. **Kate MacDougal** and **Bernie Clinton** discovered that you could use the ski lift to go downhill as well as up.

The week was also filled with parties and fun activities aside from skiing. Fearless trip leader **Anne Thomas** and hubbie **Tom Thomas**, **Sue Muenks**, and **Richard and Beverly Adams** were among a group that got snowed in at Yellowstone and had to be guided back to Jackson by Park Rangers and a snow plow.

Lynda Meyer, Halcyon Learned, and David Eickhoff enjoyed the Elk Refuge. Fortunately there were plenty of elk remaining despite the earlier visit by Bob Gottlieb. Moose sightings were reported by Linda Kuper. Inspired by the simultaneous Olympic broadcasts all week, a group that included Shari Clark, Pat Piech and Joan O'Connor practiced luge in the condo parking lot. Shella and Janice Sattler enjoyed hanging out with family in the Armadillo club. Bill Bomberger and Sharon Simandl entertained, cooked and cleaned all week at their condo aka "Party Central". And speaking of partying, one fellow must have partied too much because he "forgot" a suitcase that Jim Walker fortunately brought back for him. (The guilty shall remain anonymous.)

enjoyed buffalo prime rib. Sandy Fowler ordered salmon while suppressing her most recent education about farm raised fish. Frank Stanley savored the wild game. Joe Evans entertained himself during the dinner by winning a crayon coloring contest.

Our trip dates included Valentine's Day. Do you think it was a coincidence that we had nineteen single males like Kent Huzzey and Thomas Huzzey who smartly left town before the annual romance celebration?

Many of the participants agreed that it was an accomplishment just to say you had skied Jackson Hole. But with great friends and three feet of new snow, it was a spectacular trip. Bucket list...check!

**Steve Ying**  
*TC - Breckenridge*

We also had a fabulous club dinner at the Gun Barrel Restaurant where many of us

## Member Profile – Olga Adair

One of the cheerful faces you see when you come to Space City Ski & Adventure Club meetings is Olga Adair. She has helped Jan at the membership desk for several years.

She was born in Lima, Peru. After high school graduation she came to New York City to study. She survived the cultural shock and then studied at FSU in Tallahassee where she earned her degree.

She became a sailor and met her husband. They moved together to Houston where she taught college Spanish. After her husband passed away she attended an SCSC meeting with a sailing friend and she was instantly

hooked. She began helping Jan Ferrell at the membership desk, made new friends, and went on several club trips. She still sails and enjoys all the social events of the club.

She finds it hard to choose from all the many activities that the Club offers. She is happy that she found us and we are happy that she found us. Thanks, Olga, for all that you do and for your cheerful greeting when we come together.

### 2014 TSC Summer Expedition Sept 19-30

The first stop of the tour will take us to Kariëga Private Game Reserve, just a short drive from our arrival city of Port Elizabeth. **Our first three days** we stay at the reserve provides the opportunity for us to enjoy an evening wildlife safari upon arrival and then two wildlife safaris daily thereafter.

For details go to <http://www.texas-ski.org/>

On **day four** we move on to Tsitsikamma (Garden Route). We will stay at Tsitsikamma Village Inn. We have the opportunity to explore the Tsitsikamma Forest. After an early breakfast is enjoyed, **day five** takes us to the Knysna Lagoon to enjoy the featherbed excursion over the Knysna Lagoon to the Featherbed Nature Reserve. After lunch at the reserve we continue our day's journey up the Outeniqua Pass to Oudtshoorn. In Oudtshoorn we will rest up for the night and get ready for the next day's adventure

Day six finds us traveling to the Cango Caves for a fantastic caving experience. As

we leave the Cango area, we will stop at working ostrich farm to learn how this area has excelled in this industry. From there we move on towards Cape Town, along the famous Route 62.

And on the seventh day God rested but we will not as we will have a full day of touring the city of Cape Town, visiting the main attractions: Kirstenbosch Botanical Gardens, Cape Point, Simons Town, Boulders Beach (Penguins) and the parliament Buildings.

It will be another full day on day eight as we find ourselves touring a minimum of three wine farms, with a cellar tour and wine tasting.

Day nine finds us visiting Table Mountain and Robben Island. Table Mountain is a natural World Heritage site and a natural New Seven Wonders of the World site. It provides a magnificence backdrop to cosmopolitan Cape Town. Robben Island, originally part of the mainland, is a World Heritage Site and a poignant reminder to the newly democratic South Africa, of the price paid for freedom. Day ten finds us having to depart from Cape Town International Airport for home, full of wonderful memories and experiences of a life time. (Yes it is an 11 day tour because it takes a full day just to get to this fabulous place from Texas.)
