## FROM MISSION CONTROL

BY JAN FERRELL, PRESIDENT

Another WOW meeting! We had over 100 members and guests attend to nosh on all kinds of great appetizes and had a free drink ticket to boot. The ski swap had a lot of goodies and some folks walked away with some super bargains. For those of you who chose to take your unsold items to Sun and Ski for their Star of Hope coat drive—thank you. Our door prizes were a \$25 Amazon gift card, \$50 credit toward a trip and \$75 towards a trip of your choice.

We will be back at the same location November 12th. I'm scraping the bottom of barrel in my budget but there will be one more free drink.

One important topic brought up is emails. The Board has heard from some members that we send too many and we have found that some of you are not getting them at all. You do have the option for opt out or in regarding emails. The big problem with opting out is not getting pertinent information regarding any trip you have signed up for which could be an issue. On the other hand, let us know if you think we are sending too many. We are trying to find a balance. The Wizard of Websites, Dave Stotz, has instructions on how to opt in or out of emails on our website.

I appreciate all of you. Thank you for being a member of the best ski and adventure club in Texas!

## COUNTDOWN TO LIFTOFF

BY BEVERLY ROBERTS, VICE PRESIDENT OF TRIPS

Hello from the trip desk!!

Boy, it's hot in Houston, and the Space City Ski and Adventure Club has a hot line-up of trips!! I hope you were able to register for the trips(s) of your choice. If your preferred trip is full – please call the trip coordinator to get on the waiting list. If someone on that trip cancels, you will be ready and waiting to grab their place. Happens all the time, so don't wait! Make sure you visit the Space City home page often – that's where you will find the most up-to-date notices about trips and availabilities. Also, make sure you pay attention to your final payment notices from your TCs. It's amazing, but we are creeping up on our trip dates. Vail departure is less than 2 months from now, and Big Sky is right behind that in January. And then everything unfolds!! Think snow instead of Houston heat!

By the time you receive this, a group of intrepid travelers will be headed to South America for the last trip of the 2018 slate, the TSC Patagonia trip. This group will be exploring, trekking, tango-ing, wine-ing its way through Easter Island, Chile, Argentina and Mendoza. Look for the trip article in the following months for all the details about the adventures.

Here are the 2018-2019 trips.

## HAVING A BLAST

BY LYNN BURCH, VICE PRESIDENT OF ACTIVITIES

OUR BIGGEST PARTY OF THE YEAR IS THE HOLIDAY GALA. THIS YEAR IT IS ON FRIDAY NOVEMBER 30 AT MASSA'S. LAST YEAR WE HAD 70 PEOPLE AND HAD GREAT FOOD, FUN DANCING AND A WONDERFUL TIME. PLEASE SIGN UP EARLY FOR THIS EVENT. YOU DO NOT HAVE TO BE A COUPLE!! GO TO THE EVENTS CALENDAR AT TOP OF WEBSITE TO SIGN UP NOW!!!!

We are finally back to our regular schedule of meetings with a great place to now meet at Dave & Busters on Richmond. The facility has been perfect with plenty of room and both of the meetings having a free drink for members and the October meeting having appetizers.

Our Game Days (at Tea and Victory) continue to be a success with 8 to 10 coming each month to play Mexican Train and Rummikub and the Game Nights usually have 10 to 12. The pool party and outdoor cookout at Stuart Traver's house on September 16 was a big success. We had 38 people and the weather was perfect with no rain! Lots of food and lots of fun. Our September Dinner at Goode Co Seafood on September 22 had 32 people attend. We had 3 tables of 11 and the food was great. Happy Hour at Revelry on September 27 had good attendance, and for Game Night on September 25 we had 8.

Dance classes are on every Wednesday. Michael is teaching East Coast Swing and George had the highest attendance so far- 40 people. He is probably staying with teaching East Coast Swing for November. Check with George Sargent or the website to find for sure. The November dates are November 7 to December 5, with no class on November 21.

As of this writing, we have a party at Cindy Moore's house on October 13, a bike ride on White Oak Bayou on October 14, Dinner at Rudi Lechner's (for Oktoberfest) on October 20, and Happy Hour at the Grotto on October 25. I will report on them next month. Come to our local events; meet new friends, and join the fun!

November activities have the normal meeting, game day and game night. I have just added a new event to the calendar on November 10: One of our members has found a great band that plays our generation's kind of music. They move tables and dance as well, but even non dancers, will enjoy listening to them. They play at Bubba's on Washington. The November dinner will be at George's Pasteria on Dairy Ashford, the owners are members of SCSC so please come support them. Happy Hour is back to FM Kitchen on Shepherd. We went there last year in October and everyone really like it. They now have added a steak and twice baked potato on Thursday for \$18.

Please check the website often for new activities. This is where you learn about them and can sign up.

Thank you to all the members who participate in the events, as long as you keep coming and signing up for activities we will keep having them and adding new ones.

## POOL PARTY & COOKOUT

## SCSC OCTOBER MEETING

## GOODE CO. SEAFOOD DINNER

## REVELRY HAPPY HOUR

It's three o'clock P.M. as we cast off our lines from the dock in Trogir, Croatia aboard the ship Princeza Diana to explore the Dalmatia Islands by boat and E-Bike. The brisk wind blows against 32 of us Space City Ski and Adventurers as we motor out of the windward side of the harbor watching ships and sailboats pass us. We're spending one week living life in luxury with 16 state of the art cabins, a Chef, a Captain, bike guides and a crew navigating and managing the 180 foot motor yacht through the Adriatic Sea. Three hours goes by and we anchor in Island Zlarin. I learn later that everyone here works for the Mafia. Eight of us sit at one of the four tables in the plush Galley to eat fresh food purchased at the local market hours earlier. We will come to know the daily question of "Do you want meat, fish or vegetarian at your next meal?" Our wine steward pours wine as we eagerly talk about our epic adventures in arriving to the ship. Slowly, our past dissolves, as we sip an aperitif and introduce ourselves to the group. I learned that every one of us is well

traveled: insatiable! Our guides, Dini and Eugene, tell us how our week will go. As we saunter back to our bed rooms, weary from our trip, we drift off to a deep sleep.

Climbing the stairs up to the Galley at 7:30 A.M. on June 24, I smell the coffee. Trays of cold cuts, eggs, fruit, pastries, lure me over to the buffet table. During breakfast, Eugene tells us about our day of cycling from Vodice to Slanica. On the ride, I listen to Allen say, "if it weren't for the E-Bike, I wouldn't be here." Barry says, "Did you notice how I passed everyone without using my E-Bike?" Juliet says, "I'm sold!"

What's an E - Bike? It's a four-speed electronic drive-train powered by a battery pushing my bicycle along as I pedal it at over 15 miles per hour up to 42 miles. As a result of this, our group is homogenous and we feel like we are Tour De France cyclists. The biggest surprise today is when Joan Waddill shows up in Betina, Murter Island. She had the most travel hiccups than any of us in getting to Croatia when she says, "I waited for an hour-and-a-half in a sea of humanity in security in Spain. I missed my flight." Rita and Leyla are close rivals to her, they lost their baggage for a few days before the trip and had to go to the airport the day we left on the Princeza to pick up their bags. Most of

us could share some unpleasant moment on the journey of what it took to get to Central Europe in the height of tourist season. John Zavala saves the moment before we depart for the last few kilometers to E-Bike to our ship to ask us, "Did you taste the Gelato?"

The flat easy bike ride is now over and we're all sitting down to a Mediterranean lunch as we strike anchor and motor over to a national park Dugi Otok. On the hike to the rim, I look out to the south over the Adriatic. I walk to the north down to a lake to listen and watch Barry Casper, the geologist. He's down on his knees, scratching the rock with his index finger pointing out the fossils and teaching us, saying something along the lines of "Since the island is limestone, it has underground tunnels that come out underwater on the coast....so sea water is pushed up these orifices and thus we have a lake that rises and falls with the sea action."

Aboard the ship, after dinner all of us tell an ice-breaker story about our favorite T - Shirt.

At seven - thirty A.M. Monday, June 25, Jim Hodges hears, "Charlie, Charlie!" He walks to the door, says something and Beverly screams, "Go get Charlie, tell him I'm locked in the bed room... Go get CHARLIE!" Later at breakfast, I ask Charlie about this and he says, "I locked the door when I left and I knew when I went back to let her out... I was in trouble again."

Good morning Croatia! We're off on a 25 mile E-Bike ride on Dugi Otok island along the ridge line seeing the Dalmatian Islands live up to its name. Island dots are everywhere on the horizon with channels flowing between them. I see the Princeza steaming toward Bozava. In the afternoon after another colorful Mediterranean lunch, Matthew says, "I recorded music for this trip for everyone." We liked it so much all of us danced on the stern deck as we leave port. I'll remember the colorful homes and butterflies.

On Tuesday the 26th, during the busy 17 mile ride on the Island of Pasman, Allen Simpson says, "It's fun, I like it," Grant says, "It's a little breezy". In the afternoon, we motor into the old Roman town of Zadar to dine on seafood and pasta then wander over to the sundial, shop along the quay and spend the evening listening the locals in their red checkered jerseys whoop and holler while Croatia plays Spain in the World Cup. It was a beautiful, scenic sunset.

We went to see Krka National Park with its beautiful waterfalls on Thursday the 28th. It's a lush flourishing hideaway among the dry Croatian countryside. In the afternoon, we motor over to Sibenik, Croatia and hike up to the St. Michaels Fortress and have a lemon beer and gelato. Later that night, Rita, myself, Leyla, Grant and as many as we could fit, go into the Hot Tub for a soak.

Wednesday, June 27th, the trip is half over by now and we're on another long E-Bike ride from Vodice to Skradin speeding in Turbo mode over curvy hilly roads passing vineyards and old Croatian towns. We had a lovely dinner in the town and enjoyed milling about.

Friday, June 29 is our last day of E-Biking. We cycle up to the summit which overlooks Trogir. The most exciting part of the ride is leading Rita, Marina and others on a long steep hairpin E-Bike ride down to town. Marina says to me, "I'm glad you were leading." At the Farewell dinner, each of us talks about what was the most special moment of the week. I remember comments like, "It

was getting lost,” “playing the piano” .....

The week Island Hopping in Croatia is like being on a merry go round seeing something different every moment. The E-Bikes help us stay fresh after every ride so we can keep adventuring for the young and old alike. One of the Best Trips...

## VAIL – the Best Skiing on Earth

December 8-15, 2018

Land only - \$1,439

(single supplement \$1,409 with group bus, \$1,312 without bus)

At 5,289 acres, Vail is the largest single Ski Mountain in North America, featuring seven powdery bowls, the backcountry skiing of Blue Sky Basin and the front side. 1,500 acres of “corduroy” each day means the most groomed terrain on the planet. Combined with a yearly average of 346 inches of snowfall and 300 days of sunshine, Vail is a skier’s paradise. But more than that, off the slopes, head to Lionshead or Vail Village with world-class dining, shopping, galleries, après ski, nightlife and spas all just steps away. Vail is certainly the largest ski mountain in North America, stretching seven miles from east to west and is consistently ranked tops on the continent and among the very best in the world.

**WHY CHOOSE THIS TRIP?** Vail consistently has good early season snowfall. While there are never any guarantees when the weather is involved, you are highly likely to enjoy good conditions at Vail in early December.

Photographer: Kasia Rezmer

Enjoy ski-in, ski-out luxury as our lodging is at the Lion Square Lodge, only 50 yards from the Eagle Bahn gondola. We will be staying in deluxe 2 bedroom condos. Lodging

amenities include an outdoor pool and hot tub, a fitness center, free ski check and an underground parking garage. El Sabor, an excellent Latin-fusion restaurant, is located onsite. Other amenities include a 24-hour front desk, onsite concierge and daily housekeeping.

Imagine stepping out of your condo in the morning, making the short walk down to the complimentary ski valet, grabbing your skis and walking across to the gondola. World class skiing is literally at your door! Vail doesn’t get any easier to do than this!

**WHAT DOES THIS TRIP INCLUDE?** This is a land only trip, so it includes your round-trip bus transportation from Denver International Airport to Vail, seven nights accommodation at Lion Square Lodge and a Welcome party on Saturday night. You will need to arrange your own round trip airfare tickets to Denver. Please make sure that you get air that arrives in Denver no later than 11 am on Dec 8, 2018, and leaves no earlier than 2 pm on Dec 15, 2018. The travel agent that we are using for this trip can also arrange airfare for you (contact details below).

# Nagano - Hakuba, Japan

January 18-26, 2019

LAND PACKAGE \$2,029

FULL PACKAGE \$2,811

Japan, also known as The Land of The Rising Sun is our 2019 International trip. We are partnering with Austin Skiers and Dallas Skiers for an extraordinary multi-club trip. It's the best of both

worlds. Where else can you have some of the best skiing in the world as well as enjoy such a rich and unique culture that spans thousands of years! Japan offers something for everyone, whether it's deep powder skiing, long winding groomed skiing, or just sightseeing in some of the ancient

temples, or the Wild Monkey habitat, there is something to please everyone here.

For the skiers - the ski areas of Hakuba are quite fantastic in their own right. First founded in 1928, Hakuba boasts some of the highest snowfall levels in Japan, with an annual base of snow exceeding 10 meters (that's 393.7 inches!). The region is well known internationally due to it having hosted major skiing events including the 1993 World Alpine Championships, the Global Interski Championships in 1995, and of course, the 1998 Winter Olympic Games. There are 9 ski areas stretched across the broad valley of Hakuba totaling 135 lifts and over 200 runs. Most resorts are accessible by a free ski bus or a public ski bus for about \$4 US roundtrip if farther away. These ski areas are every bit as challenging and expansive as one would find at any major ski resorts in the US Rockies or Europe in terms of ski terrain, snow quality and natural beauty. Equipped with

high speed quads, gondolas and chair lifts, the area boasts spectacular skiing that certainly fills up a week. And an added bonus for Epic Pass holders – Hakuba is an Epic Pass location!!

For non-skiers - day trips are available with excursions to Nagano City, Nagano Temple and Olympic Village, a visit to Matsomoto City with its medieval castle, a trip to see the “Snow Monkeys” lounging around and swimming in the natural hot springs, a sake brewery tour, and many more! Take the opportunity to experience Japanese culture first-hand and take some local classes and try making soba noodles or origami folding. You can even enjoy a Japanese tea ceremony while dressed in a kimono! Of course a visit to Japan wouldn't be complete without experiencing the traditional art of hot springs bathing where the mineral water is famous for its healing properties.

It's been five years since the Space City Ski Club has made a weeklong trip to Keystone, and it's not a minute too soon for a return to this beautiful resort in the White River

National Forest. Featuring 3,148 acres of skiable terrain, Keystone is the largest ski resort in Colorado. With the combination of Keystone Resort and Southwest Airline discounts, this trip is quite affordable. Multiple day lift ticket prices are being offered at a significant discount as well. Additionally, all skiers will receive a \$15 lunch voucher for each ski day, Epic Pass holders included. For five days of skiing that's a \$75 discount of your lunch. Keystone has something to offer for anyone from the raw beginner to the hard core steeps and mogul skier. And yes, night skiing is offered at Keystone for those who just don't know when to quit! And if all day skiing is not your cup of tea, there's much more to offer at Keystone. For those looking to do something different, there's tubing, snowbiking, indoor tennis, ice skating, snowmobiling, snow cat tours, sleigh rides, gondola rides, wine tasting, shopping and more.

### The Mountain:

Keystone is spread across three peaks featuring gentle groomers, cruisers and steep bumps to gladed terrain, powder-filled bowls and the award winning A51 Terrain Park. Looking up the mountain from the River Run or Mountain House base areas Dercum Mountain domi-

ates the skyline at 11,640 feet. Its trails offer long, groomed beginner runs as well as a variety of wide, rolling intermediate runs. Located in the lower right portion of Dercum Mountain is the A51 Ter-

rain Park, with its own dedicated lift to assure that you have plenty of time to do the jumps and ride the rails. Next up behind Dercum Mountain is North Peak at 11,660 feet in elevation. Featuring a wide array of challenging terrain including long bump runs, it is like eye candy to intermediate to advanced skiers. On peak lunch dining is offered at Labonte's Smokehouse BBQ or The Outpost in the Timber Ridge food court. Or if you want to make an evening of it, come back later on the gondola for dinner at the Alpenglou Stube or Der Fondue Chessei restaurants. And further behind North Peak stands The Outback, Keystone's tallest peak at 11,980 feet. It's quite the place for those looking to play in the deep end making powder turns and tree skiing. And just a short hike off the top of the Outback Express Lift is access to North and South Bowls, where skiers can find wide-open turns and powder stashes. For those who relish skiing outside the lift lines, Independence, Bergman, Erickson, North Bowl and South Bowl feature more than 1,000 acres of incredible hike-to-terrain with secret stashes and untouched tree runs. Wanting to save your energy for mountain play, taking a \$10 snow cat ride will get you to those areas. Or book a day of guided cat skiing with Keystone Adventure Tours for exclusive terrain in all five bowls.

and lounge area, while building amenities include a heated, secure underground parking garage, ski lockers and the only on-mountain fitness facilities. While staying at Morning Eagle Lodge we will take advantage of the surrounding views while sitting in the top floor hot tub.

Once called Big Mountain, Whitefish Mountain in northwestern Montana offers spectacular views of nearby Glacier National Park and with over 3000 acres - more terrain than Jackson Hole or Aspen, and rarely a lift line! Vast bowls, tree skiing, steeps, and some of the longest intermediate groomers, Whitefish can accommodate skiers and riders of all levels and abilities. Powder, huge terrain, no lift lines, gourmet food, perfect location, make this a trip not to miss. Last year Whitefish had record snow, 426 inches. During the 123 days of Whitefish Mountain Resort's season, it snowed 80 days. Additional lifts have aided in maintaining the experience of un-crowded slopes.

It's clear that Whitefish is in a resort's sweet spot: still small enough to offer the intimacy that nurtures skiing's most enduring traits, yet also growing at a pace that brings in enough cash and creative energy to upgrade the place just about every season. Last year Whitefish was in Ski Magazine's Top 10, finishing between Crested Butte and Steamboat. Service and character are a testament to the resort's small-town attitude.

Pair deep powder with spectacular views of Glacier National Park and the shimmering waters of Whitefish Lake below. Ski/ride through perfect corduroy or test your skills in the terrain parks.

The mountain is separated into three faces. The front side is primarily serviced by the Chair One high speed quad and has the most skiable terrain. Chair 2, which also runs on the front side was replaced with a high-speed quad in 2007. The front side has seven of the mountain's nine chairlifts.

The back side of the mountain is serviced by Chair 7, also a high-speed quad. The back side has more tree skiing terrain, and additional terrain can be accessed by T-Bar 2 on week-ends and during select holiday periods. The western aspect of the mountain contains the Hell Roaring basin. Serviced by Chair 8, a fixed grip triple chair, Hell Roaring basin is the most advanced skiing on the mountain with cliffs, vertical chutes, and tight tree skiing. The intermediate Hellfire trail is the longest on the mountain; it runs 3.3 miles from the summit to the base of Chair 8.

**The Mountain:** Schweitzer is the largest ski area in Idaho (bigger than Sun Valley) and Washington. The resort boasts 2,900 acres of varied terrain for skiing and snowboarding. Home to incredible bowls, chutes, groomed cruisers and some of the best tree skiing in America (over 1,200 acres of trees!!), Schweitzer offers something for everyone.

Base elevation is 4,700 feet and summit elevation is 6,400 feet which is great news for those who have trouble with altitude. Vertical drop is 2,400 feet and annual snowfall averages 300 inches.

Schweitzer maintains 92 trails (10% Beginner, 40% Intermediate, 35% Advanced and 15% Expert) plus open bowl skiing. At 2 miles, the longest continuous groomed run is Little Blue Ridge.

There are 32 kilometers of Nordic trails for cross-country and skate skiing, snowshoeing and fat tire snow biking.

The resort also offers snow tubing at Hermit's Hollow Tubing Center with 2 side-by-side chutes that stretch over 100 yards.

Lift lines are rare to non-existent. A network of 9 lifts (including one high-speed six-passenger chair named Stella and two high-speed quads) whisk skiers and riders to the top in minutes. Total uphill capacity is 12,502 people per hour.

**Selkirk Powder Company:** The resort has its own cat skiing operation and, if you've never been cat skiing, this is the perfect opportunity to give it a try. Day long adventures start from the summit and have skiers on untracked backcountry powder by 9:30 a.m. Skiers typically complete up to 10 runs and rack up as much as 14,000 vertical feet on 4,350 acres of diverse terrain.

Selkirk Powder also offers guided snowmobile tours along groomed logging roads through thousands of acres of private and state-owned forests and has the only heli-skiing operation in Idaho.

**Lift Tickets:** Regular lift tickets are available through Space City at the prices listed below:

- 4 day adult - \$256
- 5 day adult - \$318
- 6 day adult - \$380
- 5 day senior - \$286

**Lodging:** We will be staying at Selkirk Lodge in the heart of Schweitzer Village. The lodge features hotel-style accommodations with an option for 1 king or 2 queen beds. Our rates are based on double occupancy but single supplements are available for an additional \$823.

The lodge is a short walk to the base area and the lifts. Just steps away are three outdoor hot tubs and the resort's heated pool. A micro movie theater is located onsite and shows three family movies a day. There is also an onsite spa which offers massages and a variety of other services.

A daily hot breakfast buffet is included in the package. This is a great opportunity to meet with fellow skiers and plan your day. Other lodge amenities include unlimited wireless internet, unlimited local calling, in-room coffee and hot cocoa, onsite laundry facilities, free safe deposit boxes at the front desk, daily newspapers, a business center and free ski and snowboard storage.

**Travel:** We leave Bush Intercontinental Airport on Sunday, March 3<sup>rd</sup> at 2:40 p.m., arrive in Denver at 4:16 p.m., leave Denver at 7:00 p.m. and arrive in Spokane at 8:24 p.m. On Sunday, March 10<sup>th</sup>, we leave Spokane at 6:00 a.m., arrive in Denver at 9:17 a.m., leave Denver at 11:35 a.m. and arrive in Houston at 2:55 p.m. All flights are with United and are subject to change.

The trip to and from Spokane will be in a luxury private coach. There will be a short snack and alcohol stop on the way to Schweitzer Village on Sunday night.

**More Fun:** Since we will all be exhausted on Sunday night, there will be a welcome reception on Monday night which will include a baked potato bar with soup, salad, a dessert and one drink. Representatives from Schweitzer and Ski White Diamond will be available to answer your questions.

On the first day of the trip, there is an optional full mountain tour. There will be daily suggested lunch meeting places and happy hours as well as some optional group dinners.

There are several dining opportunities in Schweitzer, including the Sky House summit lodge located at the peak of Schweitzer Mountain. Sky House options include a restaurant, full-service bar and café. The lodge offers 360-degree stunning views of the Selkirk Mountains, Lake Pend Oreille and the entire resort. At this time, Sky House is not open for dinner.

There is a small market in Schweitzer Village as well as shops which sell gear essentials, specialty equipment and demo rentals. There is also a local artist cooperative which showcases drawings, paintings, jewelry and more.

For more shopping and dining options, Schweitzer's home base is the music-and-arts-loving town of Sandpoint. Voted by Rand McNally as the Most Beautiful Small Town in America, Sandpoint is located on Lake Pend Oreille. To get to Sandpoint from the Village, catch one of the hourly shuttles from the Red Barn parking lot. Map By George Sargent Via Google Maps

Join the Space City Ski and Adventure Club at one of the best beach adventures in the world. Travelers will be rewarded with your first Mamajuana\* (customary and a must try) or a cocktail of your choice upon arrival at the **Luxury Bahia Principe Ambar**. Okay. That's a long name so I'll just call it the Ambar. The Bahia Principe is a mega resort including multiple locations catering to the whims of patrons from around the world. The Ambar is a secluded section for adults only yet Ambar patrons may visit other areas of the resort. TripAdvisor reviewers give the Ambar a 4.5 rating out of 5. I've been there and it is a nice place!

The club and I will be looking for 28 excited participants to take advantage of this tropical paradise. Additional bookings will be at the prevailing rate provided the resort has openings.

The Ambar includes just about everything you could want. There are 2 pools so you can't go far without finding a favorite tanning location. It has 5 different restaurants for fine dining and many more in the other family oriented sections. It's impossible to go hungry. The drinks are unlimited and the cocktail bars are all over the place including a swim up

pool bar and watering hole on the beach. Outdoor activities even include the use of kayaks and catamarans available upon request.

The Ambar actually has two areas. We will be located closest to the beach. All the rooms at the Ambar are totally remodeled within the past year. So our rooms should be nice and fresh. The rooms will come with either a king size or two full size beds. You get to choose. The bathroom includes a hair dryer and the bathtub is hydro-massage. Other room amenities include Wi-Fi, a stocked mini bar, coffee and tea making facilities.

The beach is deep with shady palm trees growing in sugar white sand. But don't be afraid to venture directly to surfside where the blue water extends well beyond your distant view. It's your choice, just lay back and enjoy or soak in the crystal waters. You can't go wrong either way.

Punta Cana offers other great activities. Our group will plan several day excursions that may include options for zip lining, catamaran island exploration, swimming in cenotes and horseback riding on the beach. Punta Cana is known for its golf courses. If you are an avid golfer, I'd like to find a volunteer to lead a group. The activities outside the confines of the resort will be a la carte. Anyone can decide what they want to do and when to do them. I'll help with that.

\*Our official club drink will be the Mamajuana! Tradition has it that Mamajuana should be the very first drink consumed upon your arrival! This herbal drink should get everyone in the mood for fun. Mamajuana is a concoction made from rum, red wine and honey soaked with special tree bark and herbs. But forget the recipe. You just need to know the Dominicans consider this an aphrodisiac. You be the judge! Or just take some back home for medicinal purposes. Ha!

\*\*Airfare: The ski club is offering this trip as a land only package at this time. The intent is to offer a group airfare package for those wishing for the club to make those arrangements. I will support you either way whether you wish to book your own or to take advantage of the group airfare. Southwest is my preferred Airlines although I may check with others. I've talked to the Southwest Airlines group department and the agent suggested airfares for our May 2019 departure may not be available until October or early November. Relax. That's still about 6 months out from our travel date. For now, I'll make a list of names interested in the group airfare. The airfare price above is strictly an estimate although it is an actual airfare price for February and March 2019.

We start our journey by flying into Lisbon and we stay there for two nights in a four-star hotel. We then travel to Fatima and sightsee in Coimbra and then board the brand new, exclusively chartered river vessel the *MS Emerald Radiance* for our seven-night river cruise along the Douro River. We also venture to Rodrigo, Vega Terron, and Salamanca, Spain. We end the Main trip in the home of Port wine, Porto, and fly back to the US. Or there is an optional three-night, four-day post trip to Barcelona for an

additional cost estimated to be \$1,489 which includes airfare but doesn't include a Barcelona city tax (approximately \$3 per person per day).
